

THE ISSUE OF INTERFERENCE NEEDS TO BE ADDRESSED, I AM NOT A HAM RADIO USER, BUT THE ELECTRICAL COMPANIES NEED TO MAKE SURE THERE "NETWORK" IS 100% UP TO SPECS. HERE IN ALTOONA AS WELL AS ALL OVER THE COUNTRY, POWER LINE INSULATION HANGING FROM BARE WIRES IS COMPLETELY UNACCEPTABLE. I HAVE SEEN AREAS CONTAINING POOR QUALITY LINES FOR YEARS AND NEVER REPLACED. IN RAIN STORMS, PHYSICALLY BEING ABLE TO HEAR LINE NOISE FROM THE GROUND. PRIOR TO OFFERING TO THE PUBLIC, MANY ISSUES MUST BE RESOLVED WITHOUT EXCEPTION.
